

One Big Gospelfamily

Written by: 2012 Torben S. Callesen

Verse

We are gathering now from east and west,
come on everyone let us sing.

There's a song that must be sung today,
come on let the praise begin.

There's a song of praise and joy and power
come on everyone let's join in.

Let young and old, big and small
give it up for the King.

Chorus

Yes, we're one, big gospelfamily
praising God in unity.

Oh, we're one big gospelfamily
and there's a place for you and me.

Yes, we're one, big gospelfamily
bound together in Jesus Christ.

Come mom and father, sister and brother,
join us now, and sing your song.
